

Lauksaimniecības un meža tehnika 2022

OCTOBER 6-8

Let us meet in person in the business exhibition for technical industries in RĀMAVA, in the centre of Latvia!

We invite you to visit the 31th business exhibition for technical industries *LAUKSAIMNIECĪBAS UN MEŽA TEHNIKA 2022*, which will take place for three days – from 6 to 8 October, in the Business Centre RĀMAVA. The exhibition will bring together agriculture, forestry, infrastructure, rural construction and transport professionals and other interested parties.

For two years, the delivery time for machinery and other orders has significantly increased, and prices can still be predicted in a short, but not a long period. In order to be able to deliver what is needed for the work by the beginning of the next season, we invite you to make a decision on selection, purchase and ordering timely. Take the opportunity at the exhibition in RĀMAVA, at the stands of 200 exhibitors, to evaluate novelties of machinery and transport, related technologies and services in one place, choose solutions for more efficient work, consult on state support programs and other topicalities in the industry, as well as find new ideas for business growth.

Everything for professionals in technical industries – learn about and choose:

Agriculture

- Tractors and service
- Agricultural machinery, equipment and service
- Agriculture related technologies and services

Forestry

- Forestry machinery and equipment
- Forest management, equipment and consultations
- Timberjack demonstrations and competitions

Infrastructure

- Utility machinery and equipment
- Industrial machinery

Rural construction

- Buildings and auxiliary buildings
- Energy efficiency and heat supply
- Work tools
- Saunas and equipment

Transport for work and leisure

- Trucks and trailers
- Commercial vehicles, SUV's
- Specialized machinery and equipment
- Spare parts and service
- Fuel and fuel storage solutions

Special events. Visit and see several mini-exhibitions created in cooperation with breeders and growers – breed rabbits, beef cattle, as well as apples, tomatoes and various vegetables. On Friday, October 7, at the exhibition, you will also have the opportunity to meet the Mechanized Infantry Brigade of the Land Forces in person – learn more about the brigade, as well as see army machinery. Evaluate the skills of forestry professionals – on Friday and Saturday, October 07 and 08, visit the 57th professional competition of Baltic States' forestry schools, and also see demonstrations of skills. The competition will take place between woodcutters and forest machine operators in different disciplines, U24 and PROF groups.

See more detailed information about the events at the exhibition and the exhibitors on the website (www.ramava.lv, section "Exhibitions"), as well as on social networks (www.facebook.com/Ramava.lv).

Exhibition opening hours:

October 06-08 (Thursday - Saturday), 10:00-17:00.

Opening ceremony and speeches: October 06, 11:00 (in the hall)

Have a useful and interesting visit to the exhibition! See you in RĀMAVA from October 06 to 08!
